Section 504 Plans

What is a 504 Plan?

A Section 504 plan gives accommodations related to a student's disability to meet their needs. It is a civil rights law and not just for education. It is a written plan offering related aids and services that are aimed to meet learning needs as fully as students without disabilities are met.

Where does it come from?

Section 504 provides a broad range of protections against discrimination based on the disability by recipients of Federal financial support, which includes public schools.

- *The disability does not have to be a lasting disability to qualify under 504 (e.g. temporarily wheelchair bound or on crutches.)*
