### Davis says.....

"Voting is very important to me. It is the best way for me to voice my opinions. The hardest part about voting is knowing who to vote for - I like to research my candidates online using really good and non-biased websites."

### Nick says.....

"Self advocacy is very important to me, but it's also important how I choose to advocate. I think voting is a great way to tell the government how I feel about issues that make a difference in my life."
