

KY-SPIN Kids are at it again!
They want to build a daily living skills road map!

Can you help them by making your own daily living skills map?

Draw your own pictures, use stickers, or use the pictures below to create your own road map on page 2!

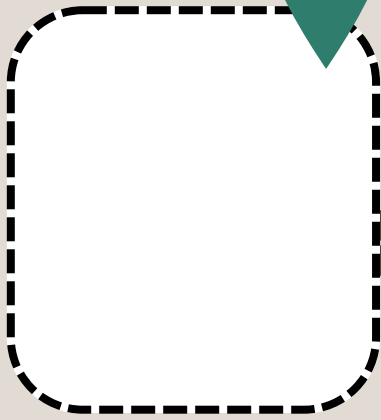

Let's make a special map that shows everything you do each day, like a little adventure!

1. Think About Your Day: What's the first thing you do when you wake up? What do you do next? Keep thinking until bedtime!
2. List each step in order like brushing your teeth, eating breakfast, getting dressed, and going to school. Don't forget little things too!

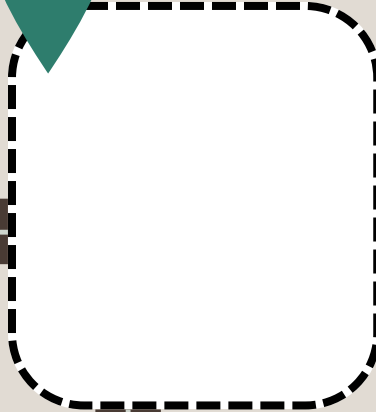

"Let's go on a daily adventure! 🌟"

My Daily Living Skills Road Map

Pretend each thing you
do every day is a stop
on your road map.
